10. Park, K., Jung, S., **Moon, Kibum**, Pyo, S., & Choi, K. (2016). Empirically Supported Treatments in Korea. Oral presentation at the 2016 Spring Conference of Korean Clinical Psychology Association, Chuncheon, Korea

SCHOLARSHIPS

Fulbright Scholarship Candidate	2020
The Korean-American Educational Commission (KAEC)	
Alternate candidate for the 2021 Fulbright graduate student program award	
Full tuition and stipend for 2 years (up to \$80,000)	
Research Assistance Scholarship	2015
Department of Psychology, Korea University	– 2017
Full tuition for 4 semesters (\$23,600)	
*Awarded for students who have excellent research potential and actively contribute to the academic development of the department	
KU Alumni Scholarships	2014
The Alumni Association, Korea University	
Full tuition (\$4,200)	
*Among 1 of 177 students at Korea University selected this scholarship. Selected based on academic excellence and potential for positively impacting society	
Choonpha Hwangchungha Scholarships	2013
The Choonpha Hwangchungha Scholarship Foundation	
Full tuition (\$4,200)	

*1 of 6 students at Korea University selected for this scholarship. Selected based on academic excellence and financial need

Sung Ryun Scholarships

2013

The Sung Ryun Scholarship Foundation

Full tuition (\$4,200)

*1 of 65 students selected across South Korea for this scholarship. Selected based on the potential to become a global leader (and family household income <\$55,000/year)

Study Scholarships

2012, 2014

Korea University

Awarded for high GPA (\$1,000 / \$1,100)

*Awarded for high academic achievement and financial need

Honors Scholarships

2009

Department of Psychology, Korea University

Students in the high GPA in the department

35% of tuition (\$1,250)

*Awarded for students in the top 5% of GPA in the Department

ACADEMIC HONORS & AWARDS

Participation Award in AI Hub Data Utilization Idea Competition

Nov. 2019

National Information Society Agency (NIA)

Best Oral Presentation Award

April 2016

Korean Clinical Psychology Association (KCPA)

Semester High Honors

2014

Department of Psychology, Korea University

– 2009

Students with GPA of over 4.0 for 5 semesters

WORK & RESEARCH EXPERIENCE

Data Scientist

Oct. 2019

Data Hub Team, Office of Digital Information, Korea University

– Present

Advisor: Gyu-Tae Kim, Ph.D.

- Developed AI-based models that provides students personalized recommendations for course/major selection – the first case among universities in South Korea
- Developed an automatic assessment model to monitor students' psychological wellbeing using the log data of Learning Management System
- Contributed to Korea University's rise in the QS World University Rankings (83rd to 69th) by proposing a strategy based on analysis of reputation data
- Conducted nationality diversity analysis of international students at Korea University based on Stirling's diversity index to support college policy decision-making
- Hosted R programming and advanced statistics workshops for administrative officers

Clinical Researcher

Feb. 2019

Student Counseling Center, Korea University

– Sep. 2019

Advisor: Young-gun Ko, Ph.D.

- Built an online system to conduct psychological assessments and provide personalized interpretations
[Demo](#) (Korean)
- Provided positive psychology intervention for high school and college students – created a dashboard application for teachers to inspect social networks within the classroom visually so they could monitor group dynamics in the classroom
[Demo](#)
- Developed and validated a novel psychological assessment to one's self-image – a visualize mental representation of through the reverse correlation method
- Hosted R programming workshops for psychological researchers and

counselors

Post-Master Research Associate

Mentoring Counseling Center of College of Liberal Arts at Korea University

Advisor: Young-gun Ko, Ph.D.

Mar. 2018

– Jan. 2019

- Conducted and interpreted 100+ cases of psychological assessments – including MMPI, the Rorschach inkblot test, defense mechanism interview, career aptitude assessment
- Conducted 10+ cases of individual and group counseling – positive psychology-based program (mental-fitness program)
- Performed psychological experiments
 - Built online and offline experiments using Python and PsychoPy (powered by Pavlovia.org for online experiments)
 - Produced dynamic facial stimuli from standardized facial stimuli sets via face morphing method using open source Computer Vision Library (OpenCV)
- Managed a government-funded project (the CORE Project)

PROFESSIONAL SKILLS

Programming Languages & Statistical Software

R, Python, SQL, HTML, Markdown, JavaScript, Latex, Matlab, M-Plus, Git, NetLogo, etc.

Data Visualization Tools

R Shiny, Plotly/Dash, Gephi, Tableau, Power BI, etc.

Statistical Analyses

Multilevel models, structural equation models, generalized regression models, Bayesian analyses, actor-partner interdependent models (APIM), social network analyses, ecological diversity analyses, experience sampling method (SEM), time series analysis, growth curve models, etc.

Machine Learning & Deep Learning

Recommendation system, natural language processing (NLP), dimension reduction, computer vision, etc

Psychological Assessment (proficient in implementing & interpretation)

Rorschach inkblot test, Korean Wechsler adult intelligence scale-IV, defense mechanism interview, Wisconsin card sorting test, the house-tree-person test (HTP), MMPI-2, sentence completion test (SCT)

Language Proficiency

English (fluent), Japanese (intermediate), Korean (native)

ADDITIONAL

- Participated for four years as a research mentor in UMA, an undergraduate research association funded by the Korean Psychological Association
- Active member of the Korea University Buddy Assistant (KUBA) – helped two exchange students adjust to Korean culture and campus life
- Active member of the Student Welfare Committee (KU-Well) – organized student welfare programs
- Enthusiastic scuba diver; dived in Iceland, Great Barrier Reef, Fiji, and the Philippines.
- Vice president of the student association of the Seoul Foreign Language High School
- President of break dance team (WACK) – won two community b-boying contests
